Quivers Terrible Tale runs a similar playtime to the first, and it's still a fun, quick game to bask in some serious rock nostalgia of those lost and those still rockin it out. Packed full of crude and crazy jokes, and in my opinion, a more streamlined design to fighting, the Terrible Tale is a must have. Don't hesitate to pick up this title for a good laugh and a great time.. Very funny game so far :). Cute storyline!. Absolutely amazing game. Short, sweet, deeply and incredibly inappropriate. not to mention twisted. and genuinely vulgar at times. Heck, the three separate endings and easter egg(s?) alone make it worth more than such a piddly little amount. Thank you, Crankage, for blessing us all with your deeply, deeply messed up imagination.. Cute storyline!
